

## WHAT IS ASSISTIVE TECHNOLOGY?

Any product or piece of equipment used to maintain or improve the functional capabilities of people with disabilities is an Assistive Technology Device.

Examples include wheelchairs, vehicle modifications, hearing and vision products, computers with modifications, recreation equipment, etc.

Any service that helps an individual select, use, or purchase an assistive technology device is an Assistive Technology Service.

### Why Attend?

This is a great chance to learn more about the assistive technology available for all areas of your life.

There will be a large variety of adaptive equipment vendors available, along with informational seminars.

For more information on the Fair contact Sandy Popp toll-free at *Options* : 888-465-1515, ext. 179 or [info@optionsil.org](mailto:info@optionsil.org) or visit [www.optionsil.com](http://www.optionsil.com)

The "Fair" is sponsored by: Assistive Technology Resource Center, Green Bay Home Medical Equipment, WisTech, and Options for Independent Living.

This training is funded in part by the Medicaid Infrastructure Grant (MIG) through the Center for Medicare and Medicaid Services to the Wisconsin Department of Health and Family Services-Pathways to Independence.

*You are invited to a  
**Free Event***
